## **FOREWORD**

Due to several recent changes in the South African minerals industry, particularly with regard to ownership, it was deemed necessary to update this directory of salt producers in South Africa. Data contained in this edition were supplied by the various companies listed, to whom due acknowledgement is made. Where available e-mail and web site addresses are included.

Further details relating to South Africa's industrial minerals are given in the Directorate's annual review of the South African Mineral Industry (SAMI).

We hope that this directory will once again prove itself valuable to the producers, processors, marketers and consumers of South Africa's salt.

M Mabuza
